

OSCAR News

Are you our new GP Clinical Editor?

An exciting opportunity has arisen for a GP to join the new transformational Referral Support Service (RSS). As Clinical Editor the post holder will work with the RSS team to support the development of referral templates and criteria and the development, review and ratification of new and existing clinical guidance. **Apply now on [NHS Jobs](#): Closing date: 5th February 2018**

Welcome to TRISH

Following the exciting mobilisation of [The Referral information & Support Hub \(TRISH\)](#) we now have a dedicated page where you can find information about TRISH and links to TRISH guides, presentations and patient leaflets

Specialities & Clinic Types - To support the referral process we have added a [list of current clinics](#) associated with each consultant led speciality

Pathway update

OSCAR is continuing to grow and currently hosts **103** care pathways, across **20** specialities, plus additional supporting guidance and commissioning policies.

[Lifestyle and Wellbeing Page](#) - this is a new section which hosts 10 pathways and is continuing to grow. You can also access this page from every care pathway via the self-care tab in the supporting information section
